DAY ONE: June 19, 2026  
Nature Excursion to Faery Falls | Lesson Block 1

After breakfast and morning yoga, we will take a nature excursion to Faery Falls, a magical portal and healing vortex that has an energy all unto its own. Bask in the sunshine on the rocks and feel the mist of the falls wafting upon your bare skin, as the crystal clear water rushes all around you. Oh...and there's a purple cave with a peace sign above the entrance should you feel called to a bit of meditation.

---

After a rest and lunch, we begin our first learning block dedicated to the mysteries of the cards. In this first session, we will cover 369 Vortex Mathematics, Numerology, Gematria, Structure, & Colour Theory in relation to the cards.

The evening will end with a three card reading for the group.

DAY TWO: June 20, 2026  
Lesson Block 2 & 3 | Star Gazing on Mount Shasta

After breakfast and morning yoga, we will move straight into the second learning block of the ancient wisdom encoded within the cards. This block will cover the lower and upper octaves of the twenty two Major Arcana, and the entrance into and out of our particular school, which we know as Planet Earth. After this learning block is complete, we will share a vibrant group lunch and an hour of outdoor personal time before re-convening for lesson block three.

---

Lesson Block Three covers an introduction to the fifty six cards of the Minor Arcana, and an in-depth look at the lower two suits: The Pentacles and the Wands. We will explore the essence of Earth & Fire energies, and integrate their wisdom through experiential group activities dedicated to grounding in our expressive passion.

---

A group dinner and fire ceremony will close out the second day of activity, along with a three card reading for the group. After dinner, the group will travel up to Old Ski Bowl above Panther Meadows near the summit of Mount Shasta to observe and commune with our cosmic brothers and sisters of the galactic realms.

DAY THREE: June 21, 2026  
Lesson Block 4 | Panther Meadows | Closing Ceremony

After breakfast and morning yoga, we will gather for Lesson Block Four, which will cover the upper two suits of the Minor Arcana: The Swords and The Cups. We will investigate discernment with the mind and explore the mysteries of the emotional body with our heart. Before lunch, we will honor the four building blocks of wisdom with a ceremony that incorporates the elements of Air & Water at the sacred site of Panther Meadows.

---

After lunch and an hour of outdoor personal time, we will re-convene to practice readings on one another, allowing the language of the cards to come forth from each participant. Our closing ceremony will precede dinner, and will incorporate all of the elements, as we prepare for departure.

DEPARTURE DAY: June 22, 2026  
Integration, Departure

After breakfast, we will gather as a group for integration. We will discuss openly the information we have covered, what it means to us personally, and catalyze group insights by sharing our individual perspectives and reflections in regards to the ancient language of the original Tarot. Departure will occur in the late morning, as we bless each other's travels and honor our coming together.
